# MOVEMENT IN STOCK MARKET

Market Showed More Breadth and Variety Than for Some Days.

#### A TENDENCY TO ADVANCE

Broadly Based On the Great Accumulation of Cash Re-

sources.

(By Associated Press.)

NEW YORK, January 19.—The stock market showed more breadth and variety to-day than at any time during the current speculation. A number of the prominent standard stocks made conspicuous movements during the day, and the whole level of the market was lifted pretty uniformly. There were some laggards in the movement and the volatile upshoots at other points varied widely from uniformly. There were some laggards in the movement and the volatile upshoots at other points varied widely from the movement. But the comprehensive advancing tendency was conspicuous. There was little news to account for the action of the marnet, but it was broadly based on the heavy increase in the money market supplies by reason of the great accumulation of cash resources at New York now in progress. The most conspicuous feature in to-day's market was feading, which responded violently to a resumption of operations by the pool in the stock which conducted its previous orilliant advance, which was widely exceeded by to-day's spurt. The jump in Anaconda was accompanied by rumors of the practical cornering of the stock by interests affiliated with the present controlling interest. Amalgamated Coppermade a brisk recovery from the late drop yesterday. The demand became furiously active after the profit-taking of the final hour, and the closing tone was extremely knoyant at the top level.

# BUSINESS PRETTY GOOD DESPITE THE WEATHER

NEW YORK, January 19.—Bradstreets

By Associated Press.)

NEW YORK, January 19.—Bradstreets to morrow will say:

Mild weather continues a source of complaint by affecting retail trade, collections and some re-order business from wholesalers, but compensations are found in continued activity in out of door inquiry, practically unchecked building operations, better than ordinary middle prospects continue as favorable as heretofore, there is considerable looking around; shipments on earlier orders are heavy and, the feeling favors an earlier than ordinary opening of wholesale operations in dry goods, millinery, shoes and windred lines. Bank clearings again break all records for the week, Money is easier at nearly all markets, Summed up, there is undiminished confidence in an immense, if not, indeed, record business for six months at least, but there is a perceptible increase in the stress laid upon the need of conservatism in speculation.

# ASK FOR ANOTHER JUDICIAL CIRCUIT

Harrisonburg Making Determined Effort to Secure Normal School (Special to The Times-Dispatch.)

HARRISONBURG, VA., January 19,-The members of the Harrisonburg bar have prepared a petition to the General Assembly of Virginia, asking that another judicial circuit be established in the Valley, and that Rockingham county, whose court business is said to be the largest of any county in the State, be largest of any county in the State, be placed in a circuit with a contiguous county, preferably a smaller one than either of the two now in the present circuit—Rockbridge and Augusta. Under the present arrangement three of the largest counties in the State are in one circuit, and the court work is hampered to a considerable extent in each. It is believed the movement will have the support of several influential members of the Legislature. A combination with either Shemandoah, Page or Greene has been suggested, Judge S. H. Letcher, of Lexington, is presiding over the circuit. Harrisonburg is making a determined effort to secure one of the three normal schools to be established in Virginia. The town has offered \$5,000 toward the fund and the board of supervisors have offered twice that amount for the establishment of the Valley school here. Harrisonburg's principal opponent is Front Hoyal.

The Town Cquanti'of Edinburg expect to build a water system within the next year. A bill has been introduced in the Legislature to allow the Council to issue bonds for this purpose. The town is now without protection from fire, Last summer nearly \$10,000 worth of property was destroyed by fire. A gravity system is proposed.

The authorities do not know anything of the whereabouts of Duncan, who secured checks for \$14,00 from Bailantine.

An official in close touch with the enforts being made to apprehend Duncan, said to-day; 'I believe Duncan will be in Charlottesville by the time this case comes up for trial. We do not know that he has sent the power of attorney here to settle his business interests. We have not heard that he has communicated with any persons in this city within the past month, although this fact is said to have been testified to before the grand jury, but if I am not very much mistaken Duncan will be produced in Charlottesville to answer this charge, and his guilt or innocence established."
